

ADA Self Evaluation and Transition Plan

The **Americans with Disabilities Act (ADA)** Self Evaluation and Transition Plan (SETP) for the City of Augusta is a focused effort to address the City's transportation related policies, rules and regulations as they relate to the guidelines set forth in Title II of the Americans with Disabilities Act of 1990. This SETP specifically targets the City of Augusta's rules and policies, and physical features (sidewalks, cross-walks, bus stops, etc.) that are within the public Right-of-Way. This Section will focus on activities related to this plan and provide a place for the public to find and provide feedback to information regarding the Augusta ADA Self Evaluation and Transition Plan.

Goals of ADA SETP

1. Evaluate the pedestrian facilities and bus stops in the right-of-way.
2. Create a program that tracks proposed modifications with the ability to amend timeframes and priorities.
3. Provide an estimated cost for remediation work.
4. Evaluate the City's policies and procedures as they relate to ADA.
5. Provide a Self-Evaluation and Transition Plan that complies with current ADA standards.

Facilities Evaluation

Review and prepare a report on the features located in the right-of-way. These features include:

- Sidewalks
- Ramps
- Cross-Walks
- Bus Stops
- Railroad Crossings
- Accessible Pedestrian Signals
- On-Street Accessible Parking

These features will be reviewed to ensure the compliance with the 2010 ADA Standards for Accessible Design.

Examples:

1. Ensure sidewalk running slope is no more than 5% slope.
2. Detectable warning system (truncated domes) are present on curb ramps and in good condition.

Quick Facts

There are over 240 miles of sidewalk in Augusta and more than 500 bus stops.

There are also more than 3,100 existing curb ramps and around 1,000 painted crosswalks.

Program

One of the goals of the ADA SETP is to create a priority list of areas that need to be addressed by need. This priority list is based on the input from people like you and other stakeholders.

Every person matters and everyone deserves to be heard. Here is your chance.
